<p>Please use PD-589365 and PD-589893 when reviewing this artwork</p>	

Instructions for use: Always wash your hands thoroughly before applying Epaderm Cream. Can be used as follows:

Emollient: Apply liberally to the affected area and massage well into the skin. Use as often as required or as directed by your health care professional.

Skin cleanser: Use as required when washing or in the shower.

Warning: Do not smoke or go near naked flames – risk of severe burns. Fabric (clothing, bedding, dressings etc) that has been in contact with this product burns more easily and is a serious fire hazard. Washing clothing and bedding may reduce product build-up but not totally remove it.

Storage: Store below 25°C in a dry place. Keep out of the reach of children. Disposal should be handled according to local environmental procedures.

¹SLS is an abbreviation for Sodium Lauryl Sulphate
